

Location:

Winnipeg Capital Region, St. Andrews Airport district

Building Code Technologist

At DGH Engineering (DGH), we are full-service integrated design consultants who design efficient, sustainable, and practical solutions for our clients across Canada. Our team values collaboration, quality, and continuous improvement – and we’re looking for a Building Code Technologist to join our team.

WHAT YOU’LL DO

- Review technical drawings to ensure compliance with applicable building codes, standards, and bylaws
- Prepare code reviews, compliance reports, and supporting documentation for projects at various stages of design and construction
- Advise project team on code requirements and best practices
- Stay current with changes to national and provincial building codes and communicate updates to the team
- Liaise with municipal officials and regulatory authorities as required to support approvals and permitting

REQUIREMENTS

- Graduated from a three-year Architectural / Engineering Technology program from a recognized post-secondary institution.
- Eligible for registration with The Certified Technicians & Technologists Association of Manitoba (CTTAM) or The Architectural and Building Technologists Association of Manitoba (ABTAM).
- Knowledge of the National Building Code of Canada and relevant provincial codes
- Attention to detail with the ability to identify compliance issues and propose practical solutions
- Experience interpreting codes for multi-disciplinary projects is an asset
- Hands-on experience or general construction experience is an asset.
- Must possess a valid driver’s license for a passenger vehicle

KNOWLEDGE, SKILLS, AND ABILITIES

- Strong verbal and written communication skills, and a willingness to function in a team-based environment
- Aptitude for and general understanding of building construction methods and procedures

WHY WOULD YOU WANT TO WORK AT DGH?

- Competitive compensation package
- Robust health benefits - Health Care Spending Account for flexible coverage tailored to your individual needs
- Employer-supported retirement savings plan
- Opportunities for professional growth and career development
- Collaborative environment where your work directly contributes to client success

ABOUT US

DGH is a full-service integrated design firm delivering design, engineering, and construction management services. We provide comprehensive design services, including civil, structural, mechanical, electrical, and industrial design and engineering.

Submit Resume:

hr@dghengineering.com

Please send resume in **PDF file format**. While we thank all applicants for their interest, only those selected for an interview will be contacted.
