

DGH PROJECTS:

NORSTAR INDUSTRIES MANUFACTURING FACILITY
ROSENORT, MB

CIVIL

STRUCTURAL

MECHANICAL

ELECTRICAL

INDUSTRIAL

DGH Engineering Ltd. (DGH) provided mechanical & electrical design, and tenant fit up services for Norstar Industries' new manufacturing facility and offices in Rosenort, Manitoba. Our team recently completed a site audit and is happy to see the progress made at this site!

The new facility is over 30,000 square-feet and includes a manufacturing facility, offices, and staff amenities.

DGH provided engineering services for ventilation for gas-fired equipment, mechanical fire dampers, and electrical fire & life safety systems in support of the specialized industrial processes Norstar uses in their facility.

DGH completed design for hydronic in-floor heating to provide more comfortable heating during Manitoban winters

It was DGH's pleasure to offer our personal approach and tailor our services to meet the needs of Norstar Industries.

Services Provided

- ✔ Mechanical & HVAC Design
- ✔ Hydronic Heating
